WINES

the loft's quick guide to grape varieties...

sauvignon blanc: a very distinctive grape variety giving very zesty, grassy, refreshing wines

pinot grigio: accessible & neutral in character makes this wine easy to match with food, great all-rounder

chardonnay: flavours range from light, floral & lemon through to hazelnut, butter & toast. traditionally dry

merlot: more fleshy & lush, tastes of ripe plums & chocolate & feels like velvet

pinot noir: smooth & silky, pinot noir impresses with elegance rather than power, flavours of strawberry, raspberry & cherry are common

shiraz: is a quintessentially mediterranean-climate variety, producing dark, inky, aromatic reds with black fruit flavours and peppery, spicy characteristics

cabernet sauvignon: tastes are reminiscent of ripe blackcurrants, often with a hint of chocolate, cedar or mint
